

Northern Virginia

DATA CENTER CAMPUS

Direct Connectivity to All Major Public Cloud Providers

HYBRID IT ENVIRONMENT DELIVERS OPTIMAL PERFORMANCE, LOWER COSTS AND IMPROVED SECURITY

Three interconnected data centers and a dense ecosystem make our Northern Virginia campus ideal for maximizing the value of hybrid IT strategies. CoreSite is one of the only two providers in Northern Virginia to offer direct connections to all major cloud providers, significantly reducing operational costs and speeding time to market. The CoreSite Open Cloud Exchange® is also available in all our facilities, providing a software-defined networking platform that reduces data transfer costs and opens intra-market connectivity to all CoreSite data centers.

Our modern data center is ready for custom build-outs, supported with state-of-the-art mechanical and electrical infrastructure, 24x7x365 security, field operations, remote hands and customer service. Since 2007, CoreSite has been delivering operational excellence to private and public entities in the NoVa market. CoreSite's Reston data center campus provides low latency, rapid scalability and flexibility to meet changing application and data requirements.

COLOCATION DATA CENTERS ENABLE BUSINESSES TO

MEET COMPLIANCE REQUIREMENTS

CORESITE VALUE BY VERTICAL

PUBLIC SECTOR AND SYSTEMS INTEGRATORS

Leverage mission-critical connectivity solutions and security

- Private networking to private and public clouds
- Simplify service development and rollout
- NIST 800-53, FISMA and FedRAMP compliance
- Robust, growing customer and partner community
- Private suites, dedicated office space

FINANCIAL SERVICES

From mission-critical applications to AI programs - digital transformation starts in CoreSite data centers

- Secure, diverse, high-performance and cost-effective alternative to other competitors for customer deployments
- Reliability and customer service: 100% uptime SLA

ENTERPRISE

Future-proof your digital business

- Great versatility: massive scalability, density, wholesale or retail services
- Tethered by a lit fiber network that supports up to 100G metro Ethernet connections and dark fiber to DC1/DC2: uniquely positioned for enterprise hybrid use cases
- The Virginia Economic Development Partnership (VEDP) enables eligible CoreSite customers to take advantage of a 6% Virginia retail sales and use tax exemption toward the purchase of computer equipment and enabling software

HEALTHCARE

The foundation for digital transformation

- Externally validated to conform to a high standard of security that supports HIPAA and HITECH mandated requirements
- Direct access to clouds, network and managed service providers
